COMPLAINTS, CONCERNS, COMMENTS & COMPLIMENTS		

This Policy summarises the procedures to be followed to process positive and negative feedback received regarding the perception of the quality of the Care Services delivered by the Organisation:

A: **THE FEEDBACK SPECTRUM** - this is the range of responses that the Service Provider can invoke from service users relating to their perception of the quality of the care service provided. In a "hierarchy" format these are:

Concerns >>>> Informal Complaints >>>> Formal Complaints >>>> Comments >>>> Compliments

B: **TYPES OF FEEDBACK:**

1. **Comments:**

1.1 Kelly Park Limited believes that obtaining feedback about its services from service users and other stakeholders, which are not necessarily in the form of complaints, can provide a valuable tool within its objectives for Continuous Quality Improvement.

1.2 Kelly Park Limited believes that service user feedback in the form of Comments is not invariably viewed as negative. Both positive comments in the form of praise, and critical comments and complaints, are useful for Continuous Quality Improvement.

Negative Comments will be treated as Concerns.

2. **Concerns:**

2.1 Kelly Park Limited defines a Concern as being a specific expression of dissatisfaction or unhappiness, which falls short of being an actual Complaint. Some persons are reluctant to describe their views as a complaint but would still like to communicate their point of view when they feel that something is not right.

2.2 Concerns will always be taken seriously. Some may quite appropriately be responded to immediately by the staff member to whom they are addressed, but the staff member will be encouraged to report these "acted-on" concerns to their line manager in case there are wider implications that require a more formal response.

2.3 Concerns can be acted upon through the Complaints Management Procedure, per section B:3 of this Policy.

3. **Informal Complaints and Formal Complaints:**

3.1 Complaints are usually quite specific and negative in their nature. If the complaint is unwritten and can be acted upon immediately it is classed as Informal. All other complaints are classed as Formal, and these will be actioned according to clauses 3.2 through 3.16 of this Policy. Per clause 2.3 above, this can also include the processing of some Concerns which may escalate into Formal Complaints if not checked.

3.2 It is the policy of the Kelly Park Limited to welcome concerns and complaints regarding the care services provided and to look upon them as an opportunity to learn, adapt, and improve in order to provide better services. This Policy is NOT intended to apportion blame, to consider the possibility of negligence, or to be used as a mechanism for obtaining or providing compensation. It does NOT form part of the Organisation's Disciplinary, Grievance and Appeals Procedure.

3.3 Complaints may originate from service users, their family / relatives, either directly or through the Contracting Authority, and even from the Kelly Park Limited Care Staff. Complaints may be received both verbally and in writing, and all are taken seriously and are dealt with promptly.
